### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Salen on January 24, 2008.

The application has been amended as follows:

#### IN THE CLAIMS:

Claim 1 has been replaced with - - - - - An antiseptic disinfectant containing synergistic effective amounts of 1,2-alkanediol with 5-10 carbons and one or more materials selected from the group consisting of citral, geraniol, nerol, perillaldehyde,  $\alpha$ -terpineol, dodecanol and L-carvone wherein said 1,2-alkanediol is 1,2-octanediol. - - - - -

### Remarks

The above amendment places this case in condition for allowance.

### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The claims are allowable over the cited prior art because the prior art does not teach, disclose nor make obvious the claimed antiseptic disinfectant containing synergistic effective amounts of 1,2-alkanediol with 5-10 carbons and one or more materials selected from the group consisting of citral, geraniol, nerol, perillaldehyde,  $\alpha$ -terpineol, dodecanol and L-carvone wherein said 1,2-alkanediol is 1,2-octanediol.

The claims are allowable over the cited prior art because in Figs. 2 to 8 of the present specification, test results show synergistic effects (unexpectedly superior results) obtained by combining 1,2-octanediol with each of the claimed compounds would not have been predicted by one skilled in the art at the time of the invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
